

8-port and 16-port 10/100 Mbps Switching Hubs

Buffalo's BS-21U unmanaged business-class multiport 10/100 Mbps switches offer a quick and easy way to extend your office network. Plug and play installation requires no additional software or configuration. Simply plug your network ready devices into one of the available Ethernet ports; each AUTO-MDIX port automatically detects and configures the correct connection.

The BS-21U unmanaged business-class switches include Intelligent Power Control, an energy conservation feature that monitors the activity status of each port to greatly reduce the total power consumed. The durable metal chassis is equipped with holes for wall-mounting or rubber feet for easy placement on a desktop. Fast networking speeds, eco minded operation and performance-minded features make Buffalo BS-21U unmanaged business-class multiport 10/100 Mbps switches a perfect network extension solution for your office.

METAL CHASSIS

Durable and equipped with mounting holes

AUTO-MDIX

Detects and configures the correct connection

INTELLIGENT POWER CONTROL

Automatically adjusts port power to reduce power consumption by up to 64%

Features and Benefits

Easily Extend Your Office Network: Integrates any Ethernet enabled device with plug and play setup

Intelligent Power Control: Power supplied to ports is automatically monitored and controlled for energy savings up to 68%*

Durable Metal Chassis: Fanless, compact design offers silent and reliable operation

Loop Detection: Minimizes the impact of network disruptions

Fast and Easy Setup: Auto-MDIX provides fast plug and play setup with any Ethernet cable

Compact and Lightweight: Durable, lightweight case for placement anywhere

Available in 8-port and 16-port configurations

* Power saving is not available for computers configured to use Wake-on-LAN.

BS-2108U (8-port)

BS-2116U (16-port)

OS Support

Windows® 7 (32/64-bit)	Windows® 98
Windows Vista® (32/64-bit)	Mac OS® X
Windows® XP	Mac OS® 9
Windows® 2000	Mac OS® 8.6
Windows® Me	

What's in the Box

10/100 Mbps Wired Switch	Magnets (2)
AC Cord	Screws (2)
Rubber feet (4)	Mounting Bracket
Warranty Statement	

Specifications

Standard Compliance	IEEE802.3, IEEE802.3u, AUTO-MDIX
Number of Ports:	8 (BS-2108U) 16 (BS-2116U)
Data Transfer Rates	10/100 Mbps
Transmission Types	Manchester-coding (10BASE-T), 4B5B/MLT-3 (100BASE-TX)
Connector Type	RJ-45
Weight (oz.)	7.5
Power Consumption	2.8 W Max (BS-2108U) 3.1 W Max (BS-2116U)
Power Supply	AC 100-240 V 50/60 Hz
